

GALLATIN RIVER LODGE®

BOZEMAN MONTANA

Welcome to the Gallatin River Lodge

At Gallatin River Lodge, our wine program is built on a simple belief: there are only opportunities to discover what brings you joy. That philosophy, paired with a deep respect for craftsmanship and terroir, has earned us Wine Spectator's Award of Excellence for two consecutive years.

Our list reflects both the serenity of our Montana surroundings and the global diversity of winemaking. Every bottle is chosen for its authenticity, personality, and ability to tell the story of where it comes from. This season, our by-the-glass program takes us to Australia and New Zealand. You'll find wines chosen not simply because they are familiar, but because they offer an opportunity to discover something new. Some even share a story.

Our Sauvignon Blanc selections showcase two very different interpretations from husband-and-wife winemakers, while our Cullen Limited Collection allows us to share a small, rotating allocation of wines available only while they last. For those looking to explore further, our Prestige Pour and Sommelier Wine Flight offer access to wines rarely encountered by the glass.

Above all, this is a wine list meant to be enjoyed, not studied. Follow the classic pairing. Ask our team to take you somewhere unexpected. Try a grape you've never heard of. Or simply order what sounds delicious. There is no wrong way to enjoy wine here. Trust your palate. Stay curious. Drink what brings you joy.

Here's to great wine, great food, and discovering something new.
Cheers!

Nicholas Bromund- Resident Sommelier
